GENERAL INFORMATION

PURPOSE:

The purpose of this activity is to enable the learner to gain insight and knowledge of the current climate of increasing drug abuse and violence in our communities and work environments to best prepare us for unexpected events such as active shooter, escalating behavior and violence toward nurses. Education will also be provided on strategies to stay safe at work along with a perspective from the SD Board of Nursing in relation to nursing disciplinary actions.

OBJECTIVES:

Upon completion of this activity the participant will be able to:

1. Identify the importance of situational awareness in your work environment and in the community.
2. Discuss the importance of being prepared for unexpected situations such as domestic violence, active shooter, and escalating behaviors.
3. Discuss what drugs are being used and abused in our communities and work environments.
4. Discuss strategies to stay safe at work.
5. Review what the SD Board of Nursing is seeing in relation to disciplinary actions.
6. Discussion on the SDNA Task Force on healthy nurses future direction.
